

## Finding the Rya WWTP.....

### .....by public transport

A combination of Trams and Buses will take you to Ivarsbergsmotet. For information about connections visit <http://www.vasttrafik.se/en> or tel: 0771-41 43 00 (telephone queue in swedish – but be patient and wait for service in english). Get of the bus at Ivarsbergsmotet. Cross the railway using the bridge and take the first turning on the right. Follow the road downhill and then turn right again. Follow the footpath under the bridge. Make sure that the railway tracks are on your right hand side. At the end of the road you will see the gates of the WWTP Gryaab. They are normally open between 0600 and 1600-if not ring your contact. Follow the walkway round the building to the main entrance. The reception is on the third floor.

### ..... by car

Coming from the centre of Göteborg use "**riksväg 45**" first towards Fredrikshamn and then towards Hisingen. Drive towards Hisingen over "Älvsborgsbron" (large bridge with a grand view- keep your eyes on the road!!). Take the first exit after the bridge and then immediately choose the left lane. Turn left at the traffic lights and drive over the railway bridge. Turn right and then right under the bridge and right again over some disused railway tracks. At the end of the road you will see the gates of the WWTP Gryaab. They are normally open between 0600 and 1600-if not ring your contact. Follow the road round the building to the main entrance. The reception is on the third floor.

Coming from the north on the **E6 exit at Tingstadsmotet** towards "Öckerö, Torslanda, Hamnar". Passing through Lundbytunneln (a two km long tunnel). Choose the left lane towards "Malmö, Hamnar, Frölunda". At Ivarsbergsmotet exit towards "Älvsborgshamnen, Skandiahamnen, Oljehamnar". At the traffic lights turn left towards "Eriksberg". At the next traffic lights turn right towards "Eriksberg, Färjnäs, Ryaverket"). Follow signposting to "Ryaverket".
